Objective

To obtain a challenging React Native developer position in a dynamic and innovative organization where I can utilize my technical and creative skills to develop and maintain responsive, user-friendly, and visually appealing Mobile Apps.

A motivated, detail-oriented React Native developer with 1 year of experience in building robust mobile applications, proficient in JavaScript, and eager to contribute to innovative projects. Strong understanding of app development life cycles, UI/UX design principles, and version control systems like Git.

Skills & abilities

- HTML
- CSS
- JavaScript
- Firebase
- React Native
- PHP (Basics)
- MYSQL

Personal Projects

TODO Mobile App

- Complete UI Design
- Users can Perform CRUD Operations on This App with their task list
- Usage of Async Storage for holding task details

Roadmate

- Complete UI Design
- Responsiveness
- Firebase for authentication
- Integrate chatgpt
- Google Map

Ecommerce Application

- Complete UI Design
- Responsiveness
- I utilize APIs to retrieve product data and corresponding categories.
- I render data from one screen to another by passing it through navigation parameters

Storymation (FYP)

StoryMation is a kid-friendly mobile app that offers animated stories, Islamic content, learning games, audio tales, and PDFs in Urdu. It blends fun and values to provide a safe and engaging experience for children.

Experience

I completed a 3-month internship at Agentech, where I developed two mobile applications: a To-Do app and an E-commerce app. During this internship, I gained hands-on experience in Firebase for backend services such as authentication and real-time database management. I also learned how to integrate and consume APIs effectively to fetch and display dynamic data.

I spent 8 months developing my Final Year Project and preparing its complete documentation, gaining hands-on experience in both app development and project reporting.

Education

KHAWAJA FAREED UNIVERSITY OF ENGINEERING & INFORMATION TECHNOLOGY RAHIMYAR KHAN

BS Information Technology

Earned a 3.18 GPA and completed relevant coursework in Mobile App development, database management, and software engineering.

Communication

Excellent communication skills enable me to collaborate with clients, stakeholders, and cross-functional teams to deliver high-quality results.

Leadership

Mentor junior developers, coordinate project tasks, and implement best practices to ensure timely delivery of high-quality web and App applications. Ex President of **ITEC** society department of IT KFUEIT RYK. As President of ITEC, I have managed a Cyber Security Seminar, the Sports Gala 2025, a Photography and Design Competition, a Naat and Qirat Competition, and the Annual Dinner.
